TANDRA PODDAR | **Senior .NET Developer**
Kolkata, India | Mobile: 8017561515 | Email: tanndraa.poddarr@gmail.com | LinkedIn: www.linkedin.com/in/tandra-poddar-a6b1b420

PROFESSIONAL SUMMARY

Senior **.NET Developer** with 14+ years of experience designing, developing, supporting, and maintaining enterprise-grade web applications using **C#, .NET Framework, ASP.NET MVC, ASP.NET Core, RESTful APIs , SQL Server**, **Entitiy Framework, Entity Framework Core**.

Proven expertise in building secure, scalable, and high-performance backend applications, database-driven solutions, and API integrations. Experienced in SQL Server performance optimization, application support, ETL, reporting, and Agile development. Strong collaborator with cross-functional teams, committed to delivering maintainable, high-quality software solutions. Currently expanding cloud expertise with **Azure DevOps** and modern **ASP.NET Core technologies**.

Core Competencies

.NET Application Development | REST API Development | ASP.NET Core | SQL Server | Entity Framework CORE | ETL & Reporting | Automation Scripting | Application Support

---

TECHNICAL SKILLS

Languages: C#

Frameworks: .NET Framework, ASP.NET Core, ASP.NET MVC, ASP.NET Web API

Databases: SQL Server

ORM / Data Access: Entity Framework, Entity Framework Core

Frontend: HTML5, CSS3, JavaScript, jQuery, AJAX, Bootstrap

Reporting & ETL: SSIS, SSRS, Business Objects

Automation: PowerShell, Batch Scripting

DevOps & Tools: Azure DevOps, Teams, Jira, Git, CI/CD

PROFESSIONAL EXPERIENCE

Software Engineer

Foundever Enterprises India Private Limited (formerly Sykes Enterprises)
August 2013 – December 2024

Project: Identity Management System

Designed, developed, and maintained **ASP.NET Core MVC application using c#**, delivering secure and scalable solutions for internal HR operations.

Developed **RESTful APIs** using ASP.NET Web API to integrate enterprise systems and improve data exchange between applications.

Designed and optimized **SQL Server** stored procedures, views, and database objects to ensure efficient data retrieval and maintain data integrity.

Built and maintained **SSIS ETL packages** for automated data migration and integration.

Developed **SSRS reports** that automated business reporting and improved operational visibility.

Automated administrative tasks using **PowerShell scripting**, reducing manual effort.

Investigated and resolved production issues, improving application stability and reducing downtime.

Collaborated with business users, QA teams, and technical stakeholders to deliver high-quality software solutions.

Produced technical documentation to support application maintenance and future enhancements.

Project: Navlite Knowledge Base Application

Developed and enhanced the Navlite Knowledge Management System using ASP.NET MVC, C#, Entity Framework, SQL Server, JavaScript, and jQuery.

Built secure modules for document management, role-based access control, announcements, and automated email notifications.

Designed keyword-based search functionality to improve knowledge discovery and agent productivity.

Managed SQL Server database objects, including stored procedures and views, ensuring data integrity and application performance.

Supported deployment, production issue resolution, and ongoing enhancements for a business-critical application.

Delivered a solution adopted by 500+ global client organizations, including Panasonic, Samsung, Dell, Fujitsu, Siemens, Nikon, Duracell, OnePlus, P&G, and others, enabling customer support teams to efficiently access product knowledge.

PREVIOUS EXPERIENCE

Software Engineer
IBM (payroll of Saral Infotech System)
March 2013 – July 2013

Junior Software Engineer
Netguru Ltd.
July 2011 – January 2013

Software Engineer
Aishwariya Software Pvt. Ltd.
December 2010 – July 2011

Junior Software Engineer
Vehement Technology Pvt. Ltd.
June 2010 – December 2010

KEY PROJECTS

Identity Management System
Navlite Knowledge Base Application
OneSykes
Maspro
Zulustock
Electronic Power System
Human Resource Management System
MySamadhanSMS
South Point Management System
Quarter Allotment System
Payroll System

Professional Development | December 2024 – Present

Took a planned **career break** for family responsibilities while actively enhancing technical expertise in ASP.NET Core, RESTful APIs, Azure App Service, Azure Storage, Azure SQL Database, Azure DevOps, CI/CD practices, and modern cloud-native application development through structured learning and hands-on practice.

EDUCATION

Master of Computer Applications (MCA)
West Bengal University of Technology
2009 | DGPA: 8.29

Bachelor of Science (Physics)
University of Calcutta
2005 | Percentage: 56.62%

ADDITIONAL INFORMATION

Languages: English, Hindi, Bengali
